

MEMBERSHIP AND PRICING

Rogue offers membership plans for single members and multi-member families.

Our tiered pricing system provides a discounted value of hourly tuition as members increase their hours at the studio. The multi-member plans are especially unique as they allow hours to accumulate under one plan which offers a swifter progression into the later tiers of value. Each membership offers an equal base hourly rate for the first 4 hours of time. As hours accumulate under a shared plan the membership offers a greater price benefit with an added incentive to reach unlimited hours sooner.
